OVERLANDING

ASIA · AFRICA · SOUTH & CENTRAL AMERICA

No Boundaries, No Limits

Encounter Overland has over 32 years experience journeying into the world's most amazing places. During this time, tens of thousands of people from all over the world have joined our projects in search of adventure and most of all to fulfil that dream of seeing far away lands, their people and fascinating cultures.

Whether you are thinking of travelling with us for ten days or six months it is important that you know with whom you will be sharing perhaps the most rewarding experience of your life. Encounter was amongst the first few adventure travel companies to develop overland journeys through **Asia, Africa and South and Central America**—the experience we have gained is second to none.

We respect the people on our projects as individuals rather than passengers. Whether you are rafting the white waters of **Nepal**, tackling the heights of the Himalayas, exploring the **Inca Trail**, bargaining the price of vegetables in an **African market** or helping to dig a truck out of a bogged road in the **Amazon basin**—you definitely need to be open minded, flexible and to enjoy a challenge.

Encounter has a unique approach to organising trips. We are famous throughout the world for our innovative travelling equipment, our expedition trucks, our competence and most of all a commitment to providing you with the **journey of a lifetime**.
