Dear Lance

I am writing to tell you that Encounter Overland is pleased to confirm employment with us.

I feel sure that there is every prospect of a happy and fulfilling association for us both, and with this in mind I would like to mention again our need for a real commitment over several years which you can expect to begin with up to four months in our UK workshop.

I confirm our agreement on Sunday that you should start with us on Monday 23rd of November 1981. Probably it will be better if you spend the previous night at the company flat in Hitchin, and with this in mind, would you please contact Margaret on Hitchin 815424 in the previous week. In any event, work starts at Wren Park on the Monday morning at 8 am.

Look forward to having you with us.

Very best wishes

A LINDSAY JONES
