

Rein Kamar

Worked with EO	from April 1977 to December 1981
Age on joining EO	26
Nationality	Australian
Role at EO	Grease monkey → Leader/Driver
Expeditions/Brief Encounters etc. led or taken	Expeditions only: Asia 4 ½ inc 1 as EM before joining EO; Africa 3; South America 3; Central America 1.
Why did you want to work for EO?	Having been an EM on an Asian trip run by Derek Biddle, the style suited perfectly and offered the opportunity to explore and discover a lot of the world. Besides, working for peanuts in a warehouse in London was driving me nuts and was an obvious dead end to any travel plans.
Occupation before joining EO	Australia: Part-time laboratory technician. Part-time student. England: Warehouse wallah
Occupation after leaving EO	Part-time student and part-time handyman → Laboratory technician → Laboratory manager → Computer software developer → IT manager → Man of leisure.
Now living in	Flowerdale. Victoria. Australia

Memories or anecdotes

Far too many to go into here. However, I've always wondered about EO's rationale for giving me 3 ancient trucks to nurse through their last trips? I was, and remain, a crap mechanic! Guess I had Tony, Rob and Bill fooled ☺
